

Global SIX

MODEL G6-ST-16BAY-S

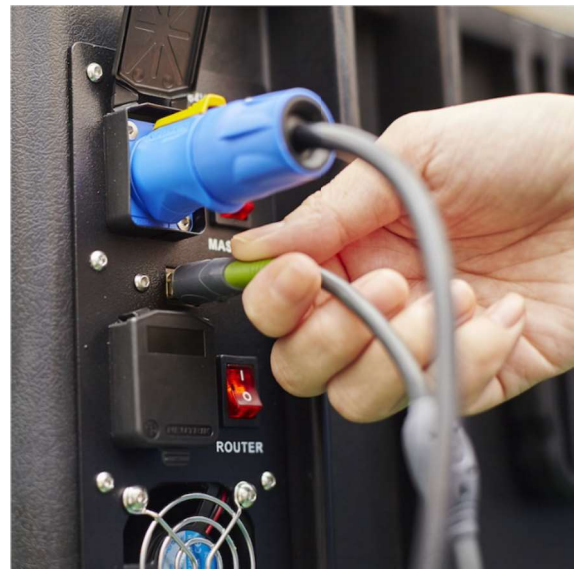

USB devices up to 10.5"
Charging current max 2.1A
Both USB sync and WiFi sync available

Loading Capacity
16 tablets/iPad up to 10.5"
1pcs 15.6" host laptop
1pcs wireless router,
Internal 3pcs AC power sockets

WiFi Sync
RJ45 faceplate at front of the case body, you can transfer the data between the host and tablets easily with a wireless router.

Core Advantages:

USB Sync
Output 2.1A while no syncing, and up to 1.5A even while syncing. Syncing current at 1.5A, that means it can ensure the stable data transfer between the host and tablets even the tablets almost running out of power.
